

## Advance Australia

the greatest country  
in the world  
for we are young and free

we've boundless plains  
to share

we've golden soil and wealth

we're going to meet Kyoto 2  
at a canter

talk to the real Australians

another indigenous woman dies  
in custody  
we need to protect children  
from gender fluid ideology

Reza Barati murdered  
on Manus  
dead cattle, dry paddocks,  
a man in an Akubra  
weeping

choking on smoke  
the habitat of the eastern  
ground parrot is  
being destroyed  
19-year-old mother,  
took her life  
because of robo-debt
